MEMORANDUM

TO: All applicants for building permits for renovation or demolition

FROM: Dexter Monroe, Building Official

DATE: April 23, 2015

SUBJECT: Asbestos Certification Form

The Virginia Uniform Statewide Building Code requires all buildings, other than single-family dwellings, to be renovated or demolished shall be inspected for the presence of asbestos-containing materials and unless subject to exemptions, the appropriate response actions shall be undertaken (See Section 110.3 of the Virginia Uniform Statewide Building Code). The form below shall be completed by all applicants for building permits to renovate or demolish a building or structure. This form must be signed by the owner or an authorized agent of the owner and one of the applicable boxes must be checked.

ASBESTOS CERTIFICATION FORM

Building Permit #: _____

Owner Name: _____

Owner Address: _____

Address Where Work is to Be Performed: _____

Tax Map ID: _____

(next page)

As owner, or owner's agent, of the above building, I certify that: (check applicable box)

- The building permit for the original construction of the building listed above was issued after January 1, 1985; therefore, the building is not subject to asbestos certification requirements.
- The above building is a single-family dwelling, or is a residential building containing four or fewer dwelling units, which will not be used either as a commercial building or as a public development project, and is, therefore, exempt from asbestos inspection requirements.
- The combined amount of regulated asbestos-containing material involved in the renovation or demolition is less than 260 linear feet of pipes, or less than 160 square feet on other facility components, or less than 35 cubic feet of facility components where length or area could be not measured previously, and is, therefore, exempt from asbestos inspection requirements.
- The affected portions of the above building have been inspected for the presence of asbestos by an individual licensed to perform such inspections pursuant to §54.1-503 of the *Code of Virginia, 1950* and that no asbestos-containing materials were found.
- The affected portion of the above building has been inspected for the presence of asbestos by an individual licensed to perform such inspections pursuant to §54.1-503 of the *Code of Virginia, 1950* and that appropriate response actions will be undertaken with the requirements of NESHAPS (40 CFR 61, SUBPART M) and the asbestos worker requirements established by OSHA (29 CFR 1926.1101).
- The building permit application is only for repair or replacement of roofing, floor covering, or siding materials. The materials to be repaired or replaced are assumed to contain friable asbestos and the appropriate response actions will be accomplished by a licensed asbestos contractor or a licensed asbestos roofing/flooring/siding contractor. (THIS OPTION IS NOT PERMITTED FOR SCHOOLS PER VUSBC 110.3)

In addition to the above, I also certify that any asbestos abatement area will not be occupied until all response actions have been completed and final levels for re-occupancy of the abatement area shall be 0.01 or fewer asbestos fibers per cubic centimeter if determined by Phase Contrast Microscopy analysis (PCM) or 70 or fewer fibers per square millimeter if determined by Transmission Electron Microscopy analysis (TEM).

Signature of Owner or Agent

Date

Note: While proper completion of this form satisfies §110.3 of the 2012 Virginia Uniform Statewide Building Code for permit issuance, notification of applicable state agencies may be required.
